EXAMPLES OF COMPLETED PROJECTS

For the Kandym gas field project, one of the largest in Uzbekistan's oil and gas sector, Baltcraft carried out a large-scale logistics operation. Approximately 1,200 shipments, including drilling rigs, equipment, and pipes, were delivered from China and Russia.

EXAMPLES OF COMPLETED PROJECTS

Comprehensive logistical support was provided for the construction of the Uzbekistan GTL plant, which included the delivery of technological equipment, installations, and solar panels from China, European countries, Dubai, Georgia, and Turkey.

EXAMPLES OF COMPLETED PROJECTS

Project transportation: oversized cargo was transported: cabins and seats of the cable car for the Amirsoy ski complex. 200 cars directly from Switzerland and Austria.

EXAMPLES OF COMPLETED PROJECTS

Transportation of two rope reels for the project of the Amirsoy all-season ski resort.

Oversized equipment with a total weight of 80 tons, the second and third ropes of the cable car, served as the cargo for transportation.

This transportation was made along the route: Switzerland - Germany - Latvia - Belarus - Russia - Kazakhstan - Uzbekistan.

EXAMPLES OF COMPLETED PROJECTS

Transportation of engines for major repairs for the oil and gas industry.
Delivered cargo from Yekaterinburg to Uzbekistan in 10 days. It should be noted that the engines were additionally insured and provided with escort convoy along the route.

EXAMPLES OF COMPLETED PROJECTS

Transportation of hazardous cargo from China.
Cargo - sodium, a substance of the fourth hazard class, is a highly flammable solid. In this shipment, the method used was to use cardboard between the drums so that friction would not generate heat that would cause chemical instability of the contents.

EXAMPLES OF COMPLETED PROJECTS

Multimodal transportation of greenhouse equipment, consisting of metal structures and special greenhouse plastic.

Route: Dubai - Tashkent.
The **total weight** of the cargo was 121 tons.
Transit time of transportation is 32 days.

EXAMPLES OF COMPLETED PROJECTS

Transportation of tractors from Belarus to Tashkent.
Transportation of four tractors from Minsk to Tashkent in seven days. After clarifying from the customer the brand of the tractor being transported, specifying its dimensions and design features, the logisticians of our company selected a suitable vehicle and developed the optimal transportation route, having agreed it with the client.

EXAMPLES OF COMPLETED PROJECTS

Transportation of modular construction components used for the construction of houses and buildings of various types. Cargo transportation of modules, each weighing 3.5 tons, was carried out from Tashkent to Fergana region in 1 day. This type of freight falls into the oversized category and its transportation requires special attention.

EXAMPLES OF COMPLETED PROJECTS

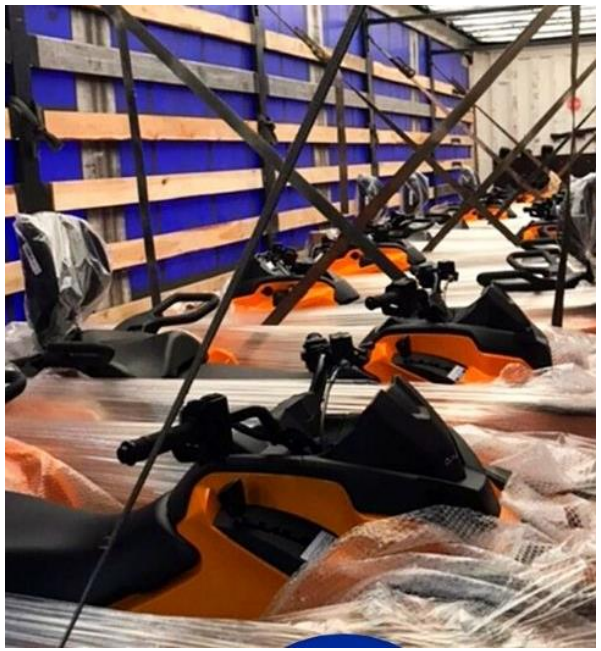

Transportation of tires Michelin from the Netherlands to Tashkent.

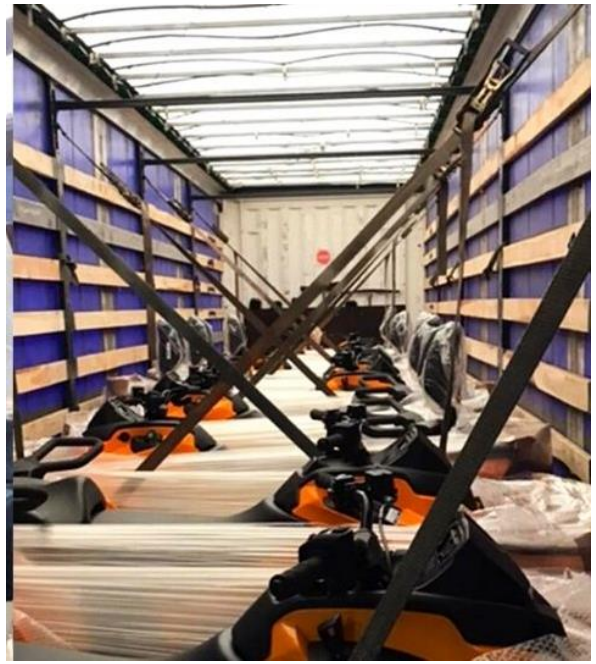

EXAMPLES OF COMPLETED PROJECTS

Transportation of snowmobiles and snow and swamp-going vehicles from Moscow to Tashkent.
Total weight of cargo - 6 tons. Total number of of snowmobiles and snow and swamp vehicles - 17.
